CLASSIC ROLLING STOCK

As I seem to have had the preparation for this auction interrupted by medical issues, I am not sure as I type this whether the auction (and more particularly the viewing) will be going ahead on schedule, but, hopefully, we will somehow manage to get the auction alive and kicking in reasonable time – even if the viewing gets interrupted.

The first auction after the lockdown was also the first at our new “base”, and it will give us a better idea of what we need to do for this one. Taking place 18 months after the viewing, and with less people in actual attendance meant that sales were fewer, but, hopefully, we ought to be back on track this time around.

There are less lots than usual. A good number of the unsolds have been re-entered at lower asking prices, and while I still have a few boxes of unsolds stuck in my house, and had intended to offer them at the viewing at the original price for those that did not attend the auction, I suspect that this will fall victim to the other problems raised earlier. Please note, that as we no longer have a cupboard to keep unsold lots in, it is no longer possible to just leave them at the club. Dragging those boxes etc up and down to the upstairs meeting room only to find nobody there to collect is more than a hassle, and I am not a taxi.

Anyway, there seem to be some decent lots in this time, including an array of Falklands submitted by three different contributors, South Africa and a stackful of railway material of various descriptions, including underground railways. Whether we have a collector for that in the club, I don't know, but it seems likely that we might all know somebody that would like this sort of material, much of which has come from an estate.

As usual:-

a) if you cannot get to the auction, or may get there late, we can bid on your behalf, but if possible, bids should be made at least 24 hours before the start of the auction. Please place bids on a book bid form, but if that's not possible, please give me a ring or send an e-mail. My e-mail address is on the last page of the catalogue.

b) descriptions are primarily those supplied by the Vendors (except where the auctioneers have expanded them in the interests of clarity or to point out faults which they have found but which were not mentioned by the Vendors). See above.

Please remember that, unless otherwise shown, all prices shown in the last column are **reserves**, the lowest price at which the lot will be sold.

Bidding steps:- These are at the discretion of the auctioneer, but the normal steps will be:-

Up to £2 – in steps of 10p

£2 to £5 – in steps of 20p

£5 to £10 – in steps of 50p

£11 to £50 – in steps of £1

£50 to £100 – in steps of £2

£100 upwards – in steps of £5 or at the auctioneers discretion

## ~~~~~ End of Room Auction ~~~~~

If members are unable to attend the auction, they may forward book bids to the auctioneer. Please complete the Book Bid form available on the viewing night. Please ensure that your bids are received **at least 24 hours before the auction** to be certain that they are entered.

Payments may be made in cash (right money appreciated) or by cheque to made payable to **Eastbourne and South Downs P. S.** or if you’d prefer just to **E.& SDPS**

The club generally holds 7 auctions a year, so we are always in need of material for sale. Guidance in putting together lots appears in the Society’s handbook. **Would all Vendors please check this.** In particular, Vendors are reminded:-

- a) of the necessity to use the proper forms (or something very similar to it) when submitting lots.
- b) to try and give a genuine and accurate description of the lot – including details of flaws, rusting, corners missing, lack of gum on a mint stamp etc.
- c) to ensure that each lot submitted has a panel or cover which would allow a lot number to be affixed without damaging the lot, and
- d) to submit lots which are not overflowing (boxes), likely to shed material (loose in albums) etc, etc.
- e) that there is a 50p minimum and that lots of less than £1 may not make the cut but could be held over to a subsequent auction
- f) that packet-type material should not be sealed so as to deny inspection.

If you require further advice, please speak to one of the auction organisers/helpers

### Additional notes.

- a) Auction material can still be handed to one of the auction organizers at Thursday meetings. The existing form can be used (although see (b) below). Material needs to be handed to Bill France, Richard Robbins or Tim Griffiths, one of whom will, barring disaster, be present at the usual 7.15-7.30 time.
- b) For those that would prefer to type their lists for sale rather than handwrite them, this will be actively encouraged. Tim can send you an e-mailable form that will be in the same layout as the auction catalogue. This will save him having to type it too! At the moment, there is no returnable e-mail address, but that should have changed by the next auction. The material can be handed over in the normal way.
- c) Material can also by arrangement be handed to one of the organizers elsewhere on request.
- d) Packet-type material should not be sealed so as to deny inspection, please.
- e) There is a reminder below for Vendors re payment and collection of unsold material

~~~~~ **Next Auction: *Wednesday 5th January 2022*** ~~~~~

Closing date for lots: 9th November 2021 – which seems to be the day of the Christmas party. The arrangements whereby lots can be dropped in to Mayo Wynne Baxter Eastbourne does not work any more.

Additional Notes for Vendors

1. Payment for Sales by cheque

Those of you that are due a payment by cheque, (which will apply to all that have sold lots for a sum in excess of £50 and others that are used to being paid by cheque or are unable to collect cash payments) should please note that payments will be made **three weeks** from the date of the auction to allow the auction cashier to get cheques to the bank and for them to be cleared into the society bank account.

2. Collection of cheques and cash for Sales

Cheques will normally be brought to the club the third Thursday after the auction for collection, or sooner if that proves possible. Those of you that collect payments in cash (for smaller sales) can, on most occasions, **still** receive payment **the week following the auction**. If you cannot collect your money by the third Thursday after the auction, please contact Richard to make alternative arrangements for collection. We are happy to hold the cash back in an envelope for collection at the next auction night/viewing night if that is easier.
